calls for certain explanation

Secs A Mr 11/1 From the D C Kolan Dno/
No As-C 484/43 46 of 1-7-47
forwards a reply to this office letter of 3-1-46

15) At present the water supply to Kolan Town, as reported by the Sanitary Engineer Bureau of Sanitary Engineering, to be from a gravity main from the Commonwealth tank through an overhead reservoir at the Pumping station. Due to the length and alignment of Pipes in the town, considerable difficulty has been experienced for adequate water supply in the several distribution lines of the town and the President of the Kolan Town wil council had been frequently urging him for improvement of water supply, in the

Water Supply Improvements in Kolar Town

99
hrf

General and Revenue Secretariat | File No | of 194 | [App F III-2

Serial No

area of Kolagnapel, Gulpet, Fort area Kumbarpet etc,

16) The distribution lines were cut open in some places for examination and it has been found that the pipes require immediate cleaning as they are found to have been heavily choked up

17) Therefore the Sanitary Engineer, on 12-2-43 prepared an estimate for Rs 26,115/-, to provide for improvement of water supply in those areas and thereon the following proposals were made:-

1) increasing the size of the ordinary with new pipes in certain areas

2) cleaning and relaying the cleaned pipes for Gulpet, Kumbarpet and Kolagnapet,

3) Removing, cleaning and relaying the one inch and three-fourths inch distribution pipes for Public taps

4) Provision has also been made thereon to construct an overhead R C C tank of 20,000 gallons capacity to serve as a balancing tank to supply the areas by filling up the tank during night hours it is proposed to fill up the R C C tank by means of 1" main running the near the tank and the out let from the tank is connected to the distribution system & control valves

18) The proposal came up to Govt from the D C Kolar on 14-2-43 with the recommendation of

NOTE—Contn Sheet

Water supply Improvements to Kolar Town

File No 99 Mnl of 194 | General and Revenue Secretariat

Serial No

the D C for a Govt grant of Rs 20,000/- and the Mty would arrange to bear the balance of the estimate by way of donations from the Philanthropic people

19) The estimate and plans for the above were submitted to Govt on 22-3-45 the estimate has been cleared on 1-7-45 for Rs 24,867/- by the Chief Engr. for Irrigation & C & has also stated that the Sanitary Engr would be requested to work out a detailed estimate for the work, before executing the work, as it has not been done ~~in the estimate~~ now

20) The D C Kolar Dist was requested by this office on 3-1-46 to intimate whether the sum of Rs 6,000/- promised to be collected as donation has been credited towards the Mnl quota of the work in question

21) A reply to this letter was recd in this office on 1-7-1947 the President of the Mnl Council reports that so far private donations have not be recovered. Hence the Mnl Council have thought fit to pay this amount viz Rs 6,115/- out of Mnl funds and of the closing balance of the Mty as resolved in their meeting held on 30-5-1947

22) The President, has also reported that the Mnl Council have also realised a sum of

Water supply improvements to Kolar Town

Rs 1,11,500/- by the sale of sites in the New extn to the West of Rly Station the commrs have proposed to meet the expenditure and of the surplus closing balance of the mcty for the current year with a view to give adequate supply of the water to the eastern portion of Kolar Town

23) the D C states that he has requested the President, to provide a sum of Rs 61115/- in the Budget Estimates of the year 1947-48 for the purpose

24) the D C requests therefor (1) sanction of Govt to the estimate for Rs 261115/- for improvement of water supply to the eastern portion of Kolar Town (2) Sanction to a Govt Grant of Rs 201000/- for the work, the balance of Rs 61115/- being met from out of the provision that would be made therefor in the budget of the mcty for 47-48

25) whether it would not be advisable to make necessary arrangements for water supply to the newly formed extension to the west of the Rly Stn is also a point for consideration

26) It would be desirable, perhaps, to take up a scheme for adequate water supply, to the whole town, once for all and carry out stage by stage, to spread over a reasonable period, depending on the financial position of the mcty Otherwise the mcty may at a later date again apply to Govt for grants to take up water supply works in the new extension, recently formed.

Subt for orders

RD 5/7 RRS

Water supply Improvements to Kolar Town —

Continuation Sheet | File No / Current No | of 99 | Page

27) These papers relate to the improvement of water supply to the eastern portion of Kolar Town at an estimate for Rs 2 6,115 have been prepared by the Sanitary Engineer and this has been scrutinized by the C E for sanction and corrected to Rs 2 4,867

28) As regards financing the scheme, the M C Kolar have written upon private donations to the extent of Rs 6 115 and have requested the Govt for a grant of Rs 2 0000 / this was stated by them to be that the collection of donations for the public did not materialize & that this amt would be paid by the Municipal Council the Govt may give a grant of Rs 2 0000 towards this work as already requested

29) The financial condition of the Kolar Town Municipality according to the budget estimates for 46 47 is as follows :—

opening balance	As 1.578/
Receipts	1.25 205/
Total	1,26,783/
	1,18,858/
Balance	7.925/-

10) It is seen from the letter of the President, Kolar Town Municipal Council that the Municipal has raised a sum of Rs 111500 by the sale of bonds for the new extension to the water supply scheme

11) under sec 55 (4) of the Mysore Town Municipal Act of 1933, water supply is one of the obligatory duties of a Town Municipality. Hence this is a work the expenditure which is to be legitimately met by the Kolar Town Municipal

12) In view of its slender resources except for the small fall by way of rates by the levy of bonds in the extension as referred to above - fire aid is necessary for this Municipality and it has been asking for the same for a long time. Hence the grants for orders "are the following

1) Sanctioning the estimate for Rs 24,867 for the work as detailed in the [illegible]

in equal proportions by the ~~the~~ first
the ~~the~~ the second
for pay another sump Rs 6319/- in W O
addn. to Rs 6115 provided by it, out of
the realisation of Rs 1 11500/- from sale of
sites. Report there upto 12.43 upon
why provision for
the item not provided for in Revised E 10/7/47

33) Why is a red note on
the estimate, that the total
amount is correct as
Rs 24,867/- ?

34) Why should not the
entire cost be met out
of the municipal funds
now that the municipality
has realised Rs 1 11,500/-
from the sale of sites ?

18/7/47

W O No 34 dated 21st July 1947
Finished with compliments to the 18/7/47
Chief Engineer for inspection in favour of passing the
sanction ~~of~~ of Rs 24867 (vide para 7(2) thereof)

KOLAR

8th November 1947

OFFICE OF THE CHIEF MINISTER No P 282 Date 23/11

2981 8 DEC 1947 L & G BRANCH

Dear Mr C anjalaraya Reddy,

On the 1st of this month when you were in connection with the 'VICTORY DAY' celebrations, I looked for an opportunity to meet you and discuss with you certain important points relating to granting of Intermediate College, Kolar to Water supply, Rural Development in Kolar District, desirability of immediate transfer of some officers of the District, etc As you had a very crowded programme to go through I did not think it wise to snatch some time to discuss the matters stated above

I am writing this letter requesting you kindly to consider this in public interest and not by way of personal favour or concession

For some years past the public have been urging for Intermediate College to this District and hope this will be sanctioned early this year so that College might be started from the academical year

Improvement of Water supply to the town - It is our hard experience, that we suffer from water scarcity for four months in the year during summer To improve the source of supply and make proper and equitable distribution a scheme costing 26,000/- is pending sanction before the

the Government This year tanks have not received any wa er and there is every likely hood water sup ly system ma, breakdo wr I therefore request you kindly to sanction early the sc eme and the grant prayed for and help this Municipality

Rural Development Work :- On all hands it has been recognised that villa,es must be reconstructed Villa,es are the undyin, unit of Indian life and the beautiful expression of our ancient planned ecorom, I have gone round this District and seen to myself the excellent wor done in he villa,es for their revival under the ripe exper e ce of Mr H D Puttaiya, District Development Office He is a practical man and believes in practical work only It was due to his untiring and extremely capable direction and supervision, best wor was possible within a short period of two years he is in office I learn he is due to re-tire on he 11th instant It would be a great asset to he District if Mr Puttaiya should continue to guide o e affairs in the field of development, for some ti e more As a field worker he is devoid of all s ow and false prestige

V Narayan
R EN TV &
Municipal Councillor

KOLAR

The Rationing System and the drainage schemes of the Town, etc , are not a little due to his remarkable powers of organisation

I am fully aware that policy of granting extension of services is bad but in exceptional cases when we need the services of men of ability and quality, keeping on such people in saddle for some time more would not run counter to the policy Besides this is only a tenure appointment and not an extension

I am pressing this solely in the public interest and I would be thankful if you will consider these facts sympathetically and grant Mr Puttaiya another extension of service

Thanking you,

Yours sincerely,

V Narayan

No A5 C 484/44-5
Encl

OFFICE OF THE DEPUTY COMMISSIONER,
KOLAR DISTRICT

Kolar Dated the 14th February 1945

To

The Secretary to Government of Mysore,
Law Department, Bangalore

Subject Total grant for Town Improvement and Water Works for 1944-5

Sir,

In continuation of my letter No A5 C 484/44-5 dated the 1st February 1945, requesting among other things for a Stage Grant of Rs 10,000/- (ten thousand) for improving the water supply to certain parts of Kolar Town, I have the honour to forward herewith a copy of letter No 1789 dated 12th February along with its enclosure from the Sanitary Engineer, Bangalore addressed to the President, Kolar Municipality with an estimate for Rs 26115/- for the improvements of water works to the eastern portion of Kolar Town for information and favour of early action As the amount of the estimate is large, the cost of improvements contemplated cannot be met by the Municipality with its slender resources and heavy liabilities to discharge The urgent need for this improvement can be seen from the report of the Sanitary Engineer I request therefore that the Government

Government Grant of Rs 20000/- may kindly be sanctioned instead of Rs 10000/- as recommended and the Municipality will arrange to bear the balance of the estimate by way of donations from the Philanthropic people The payment of maintenance charges of works is by itself a heavy burden and the Municipality is finding it hard to meet this recurring charges

I have the honour to be,

Sub: Improvement and Water supply grant to Kolar for 1944-45

Sir,

With reference to your letter No 8387 dated 22/2/45 on the above subject, I have the honour to state that the Sanitary Engineer has sent only the abstract of the estimate for Rs 20,115 for the above work, retaining the detailed estimate and plan with him As regards the Municipal quota towards the cost of the work, I may state that the resources of the Municipality are very slender and therefore it is not in a position to contribute substantially towards the work The work is however of the utmost urgency and it would not be desirable to defer it The President, has after much effort succeeded in securing a promise of a private contribution of about Rs 6000/- A copy of the resolution of the Municipal Council dated 24/2/45 agreeing to collect a donation of Rs 6115/- is enclosed The President further stated that he has reminded the Sanitary Engineer on 20/2/45 to send up the plan and estimate so as to enable the work to be taken

taken up immedi-tely

2 I h ve this y ddressed the S-nit ry ngineer, also sepa-itely to send the detailed est mate rel ting to this work to the Director of Public e lth in ysore, for f rther ction It is essent al th t th work should be st rted t once s summer h s alre dy commenced nd v ter sc rcity is being felt and I therefore re uest you to kindly obt in sanction of overnment very early for the grant of Rs 20,000/- already applied for

MR 43-47-4

4 DEC 1947
2898
G BRANCH

The Secretary to Government of Mysore
Revenue Department, Bangalore

Sir,

Subject - Improvements of Water Supply to the Eastern portion of Polar Town at a cost of Rs 26115/-

***

With reference to your letter No I 2930 dated 21/8/47 requesting me to intimate as to why the entire cost of the work should not be met out of the Municipal Council as the Municipality has now received Rs 1,11500/- from the sale of sites in the Railway Station Extension I have the honour to forward herewith the resolution of the Council dated 28/9/47 and to state that it may be kindly seen from the Budget Estimates of the Council for the year 1947-48 that the opening balance of the Municipality was Rs 09006/- only The normal income of the Municipality is not very encouraging and this sum of Rs 09206/- is only the result of income realised by the sale of sites in the Railway Station Extension a few months ago i e on 15/5/47 and naturally major portion of this sum will have to be spent for providing the amenities there Further, Town improvements works such as laying out of roads in the several extensions, construction of a Bus Stand and providing drinking water facilities have to be taken up and these require very large outlay Unless, Municipal funds are supplemented by liberal grants from Government, the Council cannot afford to provide any amenities to the Town independently in view of its limited resources In the circumstances I recommend that sanction of Government may kindly be obtained to allot a sum of Rs 20000/- for the water work in question from the water supply grants urgently, the balance of cost of Rs 6115/- being met out of the Municipal Funds as already stated

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Polar District

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

Read -

Letter No C Per Y.36 dated 22nd October 1947 from the Deputy Commissioner, Kolar District, forwarding for sanction the budget estimates of the Kolar Town Municipality for the year 1947-48

Order No L 11468-9/ML 29-47-6

Dated, Bangalore, the 4 November 1947
3-12-

The Kolar Town Municipal Council anticipates an income of Rs 2,06,465/- during the year 1947-48 The receipt side of the budget is approved with the following modifications:-

Budget head	Proposed by the Municipal Council	Approved by Government.	Remarks
C(1) Rent of buildings & lands	Rs 500	Rs 5050	Being the arrears of rent due from the Food Department Depot
(2) Sale of trees	Rs 50		Deleted as it is said that there are no trees for sale
D Grants & Contributions			In view of the fact that large grants are expected from Govt for several other improvement works this is deleted
Grant from Govt for the formation of roads in the new extension	Rs 5000	Rs .	
L Miscellaneous			
(2) Refunds & Recoveries	Rs 1000	Rs 100	Based on the revised estimates for 1946-47

The Municipal Council has provided for a total expenditure of Rs 2,89,837 during the year 1947-48

The expenditure side of the budget is approved with the following modifications -

Budget Head	Proposed by the Municipal Council	Sanctioned by Government	Remarks
D(3)Acquisition of lands for Town Extension	Rs 10,000		There is reported to be urgency to acquire fresh lands
Miscellaneous			
Purchase of seed plants	Rs 150)	Rs 250	Based on the revised estimates for the year 1946-47
Radio Repairs	Rs 200)		

p t o

The abstract figures of the budget after the above modifications would stand as follows -

Opening Balance	Rs 99,206
Receipts	Rs 2,05,065
Total	Rs 3,04,271
Expenditure	Rs 2,79,737
CLOSING BALANCE	Rs 24,534

The expenditure is much above the income during the year and the prescribed closing balance has not also been kept up Ways and Means should be devised to augument the resources of the Municipality so as to enable it to provide the necessary amenities to the residents of the town Contributions due to the several Departments of Government should be paid as and when they fall due Unearced provisions allowed on the expenditure side should not be utilised without obtaining the previous sanction of the competent authority Steps should be taken to realise the anticipated income in full
